TOTAL ORGANISATION

## ABOUT US

Kolbe Systems was established in 2003 after a noticeable gap in the Australian market of management consultants not providing science-based methodology for standard best practice process clarity for capturing internal processes within organisations.

Based in Perth Western Australia, Kolbe Systems has since worked with over 200 organisations across various industries within Australia and internationally of sizes ranging from 3 staff to over 1000.

***"When you document every process in your organisation this makes any workplace easy to understand for all stakeholders."***

## WHAT PEOPLE SAY ABOUT US

*"Our systems are now well on the way to being implemented and we have happy staff who know exactly what to do, when to do it and most importantly why they are doing it."*

Geoff Britton, General Manager

*"Our Production Division is now operating over 10% more efficiently because of implementing the Kolbe System."*

*"Your System has given me clarity and control."*

Grant Bird, Owner

*"Like a lot of people, I thought my business would just be too hard to put systems to and wasn't sure you could improve on what I had already in place. How wrong I was."*

Marcus Fulker, Managing Director
